Benson Explains Soil Bank Plan

Purpose Is To Reduce Surpluses

BEAVER DAM, Wis. (AP) — Secretary of Agriculture Benson warned farmers Monday night not to look to the new soil bank program for drought relief, flood relief and credit needs.

The purpose of the \$1,200,000,000-a-year soil bank, Benson said, is to reduce farm surpluses and conserve soil resources by paying farmers to keep some cropland idle and employ conservation measures on it.

"To the degree that I am able, I intend to see that the nation gets a dollar's worth of surplus reduction or a dollar's worth of conservation for every dollar paid out," he said in a speech at a Farm-City Dairy Week meeting in Beaver Dam.

He added that the program has been spoken of as a "drought relief and plow-up program," but said this is "largely untrue."

He forecast that the program will be of "limited size" this year. "We should not load upon this program responsibility for drought relief, flood relief and credit needs," Benson said. "We should not make the soil bank over into a kind of crop insurance program that a farmer takes out after his crop is lost."

These statements appeared to narrow the scope of the 1956 soil bank program from what Benson indicated at a news conference in Washington last Thursday. Final regulations on eligibility have not yet been released by the department.

Benson's remarks would seem to rule out farmers whose crops appear destined to failure because of drought or flood damage—a group which had been expected to make up the bulk of the participants this year. Soil bank payments offer insufficient incentives for a farmer to plow up crops which look good.

Navy Aerobee-Hi Rocket Fizzles

WHITE SANDS PROVING GROUND, N. M. (AP) — A Navy Aerobee-Hi rocket fell far short of its altitude goal here again Monday.

The fizzle may mean the end of the Aerobee research program. The rocket, which officials hoped would zoom to an altitude of 138 miles, sputtered about 37 miles before falling to earth in front of the eyes of disappointed technicians.

Scientists at Monday's shoot said the program certainly will be delayed until the cause of the failures can be determined and corrected. The delay, they indicated, might be so long as to virtually remove the Aerobee-Hi, a Navy developed research vehicle, from the program of the International Geophysical Year starting in 1957.

John Townsend, in charge of the Naval Research Laboratory's rocket sound branch, said early indications were that the failure was in the thrust chamber.

Rule T-H Does Not Curb States' Right To Prevent Violence

WASHINGTON (AP) — The Supreme Court, holding states to be "the natural guardians of the public against violence," ruled 6-3 Monday the Taft-Hartley Act does not prevent state labor boards from acting against dangerous strike situations.

A majority decision written by Justice Reed said the state boards may ban mass picketing, use of force and threats of violence by strikers even though the acts banned may constitute an unfair labor practice and come under the federal law.

The ruling was on an appeal by the United Automobile Workers from a Wisconsin Supreme Court decision upholding an injunction against picketing and other union activities during a strike at the Kohler Co., Kohler, Wis., in 1954.

In another 6-3 decision, the high court rejected an appeal from a ruling by the California Supreme Court that a private employer had "just cause" to fire an employee on the ground of Communist party membership.

The court held no federal constitutional question was involved in the discharge of Mrs. Doris Walker by Cutter Laboratories, Berkeley, Calif.

Justice Douglas, speaking for himself, Chief Justice Warren and Justice Black, said in a dissenting opinion:

"We sanction a flagrant violation of the First Amendment when we allow California, acting through her highest court, to sustain Mrs. Walker's discharge because of belief."

Under a collective bargaining agreement between Cutter and a local of the United Office and Professional Workers of America, the company reserved the right to fire an employee for "just cause."

Speaking for the six-member majority, Justice Clark said the California Supreme Court construed the term "just cause" to embrace membership in the Communist party.

In the Wisconsin case, Justice Reed said an act of Congress should not be interpreted as leaving the states powerless "without compelling directions to that effect."

(Continued From Page One)

Again speaking for the dissenters and again joined by Warren and Black, Douglas said the decision sanctions "a precise duplication of remedies which is pregnant with potentialities of clashes and conflicts."

Douglas said states "may control violence" and "may make arrests and invoke their criminal laws to the limit." But to allow them to enjoin union conduct which the Taft-Hartley law empowers the National Labor Relations Board to enjoin opens the door "to unseemly conflicts between state and federal agencies."

In other actions Monday, the court refused to review the convictions of four Puerto Rican anti-American fanatics who shot up the House of Representatives.

Senatorial Race Spotlights Iowa Primary Election

DES MOINES (AP) — Iowa's primary election was held Monday and it was watched as a possible clue to corn belt reaction to the Eisenhower administration's farm program.

Both parties had senatorial contests but chief interest focused on the outcome of the lively battle between U. S. Sen. Bourke B. Hickenlooper and a fellow Republican, Iowa Atty. Gen. Dayton C. Miller.

Both contenders for the Democratic Senate nomination R. M. "Spike" Evans, former Federal Reserve Board member, and Edmund F. Wilcox, 44-year-old attorney, centered their campaign fire on GOP farm policy.

Republican Gov. Leo Hoegh was unopposed for second term nomination but there were two contenders in the Democratic gubernatorial primary.

No direct presidential candidate popularity contest was involved in the voting. Both major Iowa parties previously named unopposed national convention delegates at state party meetings. Iowa law does not provide for a presidential preference primary.

Believe 8 Deaths In Erskine, Alta., Murder, Suicide

ERSKINE, Alta. (AP) — Police Monday found the body of John E. Clark, a member of the Alberta Legislature on whose farm seven persons were slain Sunday. Clark's body was found lying face down in a mudhole with a bullet hole in his head.

Asst. Commissioner G. M. Hurley of the Royal Canadian Mounted Police at Edmonton said police are satisfied the case is one of multiple murder and suicide.

Clark, 41, had been sought for questioning in the rifle slayings of his wife and their four children and two men. All seven were found dead in the lawmower's isolated frame farmhouse, each with a 22-caliber bullet in the head.

Thirty-two Royal Canadian Mounted Police officers with dogs, cars and a plane had been scouring the area all day searching for clues to the killer.

A police radio description said the suspected murderer is "armed and possibly mental." Farm families in the area had moved into nearby towns for protection.

Those killed around breakfast time were Mrs. Margaret Clark, 36, her four children—Jenena, 8, Ross, 7, Ann, 5, and Linda, 4—George Anderson, 20, a hired man on the farm, and William Olah, 30, of Medicine Hat, a Royal Canadian navy sailor visiting the Clark home.

Police said Clark's body was found about 600 yards from the faded yellow farmhouse. He was dressed in night clothes. A single-shot 22 rifle was found at his feet.

The body was first spotted from the air by a Royal Canadian Mounted policeman flying in a Canadian Air Force plane.

Lie Test Clears Husband In Case Of Missing Wife

CHICAGO (AP) — Police reported a lie detector test Monday upheld a husband's story that he knows nothing of the disappearance of his wife more than 2½ years ago.

Frank Harry Russell, 43, was released after taking the test. Russell has been missing nearly a year himself and said his wife, Irene, 31, left him previously for brief periods after quarrels.

Mother of three children, all now living with relatives, Mrs. Russell disappeared Oct. 23, 1953. Her disappearance first was reported to authorities by a sister Feb. 27, 1954.

Sgt. George Buckley of homicide police said that when he asked Russell why he had not reported his wife missing he said he tried but was "brushed off" by police who considered it a domestic quarrel.

Tito Ready For Russia's Friendship—As Equals

RUSSIA WELCOMES TITO—Yugoslav President Tito rides with Communist Party Chief Nikita Khrushchev, right, and Russian President Klementi Voroshilov, center, as the party leaves Moscow railroad station following welcoming ceremonies. A warm welcome was extended to Tito on this, his first visit to Russia in ten years, since he broke with the USSR.

Report Only Death Kept Stalin From New Purge

WASHINGTON (AP) — Communists throughout the world are being told that only death — there was a hint it was murder — stopped Joseph Stalin from launching another bloody purge of Soviet leaders.

This was the import of a newly circulated version of Soviet party boss Nikita Khrushchev's sensational secret speech at Moscow 3½ months ago, together with the speculation it is stirring among American officials.

The State Department made public this 25,000-word version which it said "is understood to have been prepared for the guidance of the party leadership of a Communist party outside of the U.S.S.R."

That was all the department had to say except that it was releasing the document in response to queries and:

"The Department of State does not vouch for the authenticity of the document and in releasing it intends that the document speak for itself."

Khrushchev's hours-long speech, delivered in private to the 20th party Congress at Moscow during the night of Feb. 24-25, was the major blow in the Kremlin's down-with-Stalin move. This move had begun with a moderate emphasis of Stalin only 10 days after his death March 5, 1953.

Much of what Khrushchev said in the speech already had trickled out in the world's press. The Soviet publications have put out bits and pieces, as have the satellite press.

The version made available Monday pictures Stalin as a ruthless murderer of millions, a tyrant who spurned all genuine advice, a vain man who rewrote history with himself as the hero, a military dunce who destroyed the Soviet officer corps through purges and Soviet soldiers through use of mass attacks, a pessimist in the face of Nazi Germany's attack on Russia, a leader who completely lost touch with his people and—shortly before he died—a schemer getting ready to wipe out such Soviet leaders as V. M. Molotov and Anastas Mikoyan.

Molotov resigned last week as Soviet foreign minister; Mikoyan is a member of the politburo.

The version of Khrushchev's speech said:

"It is not excluded that had Stalin remained at the helm another several months comrades Molotov and Mikoyan probably had not delivered any speeches at (Continued on Page Nine)

The talks were resumed after a brief rest when Von Brentano and West Germany's ambassador to Paris, Baron Volfrath von Mallbass, to confer with French Premier Guy Mollet and Foreign Minister Christian Pineau.

Stevenson Seems To Hold Edge Over Kefauver In Climax Of California Race

SAN FRANCISCO (AP) — Adlai E. Stevenson appeared to hold the advantage over Sen. Estes Kefauver of Tennessee Monday in their crackling contest for California's 68 Democratic presidential nominating votes.

Tense and weary, the two candidates wound up a campaign that has kept them hedge-hopping over California at intervals for the last four months.

With about two million out of 3,059,873 registered Democrats expected to vote Tuesday in the last contested presidential primary before the party's August convention, Stevenson was credited by the politicians with holding an edge over his rival for the California delegation.

Kefauver and his managers disputed this. In Los Angeles Tuesday Kefauver told a press conference he expected to win by at least 185,000 votes.

In the face of this, however, newspaper and party political polls showed Stevenson running ahead. In Los Angeles, Stevenson

Willing To Patch Up Differences

MOSCOW (AP) — President Tito proclaimed Monday Yugoslavia's willingness to make friends with the Soviet Union — as equals.

In a friendly but firm speech to the top men of the Kremlin, the Yugoslav leader said his country is ready to patch up the differences caused by Stalin when he cast Tito out of the family of Communist nations eight years ago.

Earlier Tito made a dramatic gesture of his antipathy toward Stalin in a visit to the Stalin-Lenin mausoleum in Red Square just outside the gates of the Kremlin. There Tito paid reverence to Lenin but pointedly ignored Stalin.

President Klementi Voroshilov, host at the Kremlin luncheon, lavished praise and flattery on Tito, who is visiting the Soviet Union to cement a new friendship with the men who took over after Stalin's death.

Tito recalled the visit of Premier Bulganin and Soviet Communist party boss Nikita Khrushchev to Belgrade last year. Tito said the Yugoslav-Soviet declaration signed at that time had a historic significance in that it formulated "a new political principle on the basis of which Soviet-Yugoslav relations can flourish anew." Then he added:

"We must underline that the principles of mutual respect, independence, equal rights and non-interference in the internal affairs of other states that this declaration enunciated have given a new impetus to strengthening friendly relations between our countries."

Khrushchev, in his speech of Feb. 25 denouncing Stalin, recalled that Stalin once said "I will shake my little finger—and there will be no more Tito." Khrushchev added that "we have paid dearly for this shaking of the little finger. No matter how much or how little Stalin shook, Tito did not fall."

Dam Breaks At Georgetown Lake; No Casualties

GEORGETOWN, Colo. (AP) — The pressure of melting snow broke a 60-foot section out of the Georgetown Dam across Clear Creek Monday, sending more than a billion gallons of water rampaging down the valley.

Temperatures close to 90 in the past few days speeded the melting of snow in the mountains west of Denver, around Georgetown Lake, and strong winds Sunday night whipped up waves that hammered the concrete and earthen dam.

No deaths or injuries were reported, but some dwellings and business houses at Idaho Springs, a mountain mining and resort town 10 miles below the dam, were damaged by waters littered with debris.

The dam, which was built by the U.S. Army Corps of Engineers, is one of the largest in the world. It was built to control the flow of water from Clear Creek into the Colorado River.

The dam is located in the state of Colorado, about 10 miles from the town of Georgetown. It is one of the largest dams in the world, and it was built by the U.S. Army Corps of Engineers.

PEAS FROM GARDEN SERVED ON JERSEY TABLE ON JUNE 1ST

JERSEYVILLE—Leo Greeling of Elsie township was a Jerseyville visitor Saturday afternoon and reported that his family had the first peas of the season from their garden June first.

"Jerseyville gardeners are always reporting early garden crops," Greeling stated. "I am wondering if many of them can match this for early peas. Last season, however, we had our first mess of peas from the garden on May 17. This season has been backward for both planting and growth, hence the reason for being about two weeks later than in 1955."

HONOR MRS. SPENCER TRACY WITH DEGREE

Smiling and gracious, Mrs. Spencer Tracy of Los Angeles, Calif., was presented with the Doctor of Humane Letters honorary degree Sunday during MacMurray College commencement exercises. The degree was in recognition of her service to the hard-of-hearing. She is director of the John Tracy Clinic in Los Angeles. While her famous husband, the motion picture actor, pursues his career, Mrs. Tracy has earned high distinction in her own field of human service. In photo (left to right) are Dr. C. P. McClelland, president emeritus of MacMurray College; Mrs. Tracy, upon whose shoulders Dr. W. S. Bailey, college marshal, is placing robe, and President Louis W. Norris.

THREE IN FAMILY RECEIVE DIPLOMAS

ASHLAND — Commencement season for the Raney family of Ashland is a big one—mother, son and daughter are receiving diplomas.

Mrs. R. S. Raney, Raymond D. Raney and Miss Dorothy Louise Raney, make up the triple alliance of family achievement.

Miss Dorothy Louise Raney was graduated May 31 from Ashland High School, and on Sunday, June 3, Mrs. Raney received her diploma as a graduate of Eureka College. The third graduation in the family will take place June 10 when Raymond D. Raney will receive a diploma from the Bowman-Gray medical school, Winston-Salem, N. C. He is a graduate of Ashland High school and Illinois Wesleyan university.

Mrs. Raney has been teaching in the Ashland grade school the last four years. She completed her requirements for an A.B. degree at Eureka by extension work.

Raymond will intern one year, beginning July 1, at Jackson hospital Miami, Fla., and will then enter the U.S. Air Force. His wife is the former Donna Spindle, Springfield. He is the grandson of the late Dr. J. L. Raney, who was a practicing physician in Ashland several years. Dr. Raney served on the staff at the Jacksonville state hospital for 15 years. He died in 1946.

Mrs. Flora Brown, 86, of Pekin, mother of Mrs. Raney, attended the exercises for her daughter and granddaughter.

Mrs. Raney has two other children: Joan, wife of Lt. Thomas

Dorothy Louise Raney

DISCOVER THE DIFFERENCE IN DODGE!

Dodge gave the most amazing proof of dependability ever recorded! In a grueling test of endurance at Bonneville, the '56 Dodge was driven at top speed night and day for 14 full days. It went over 31,000 miles at an average speed of 92.86 mph without a single breakdown!

The Dodge frame is built to take it! Massive box-section side rails extend the full length of the frame, are stronger than U-channel or I-beam types used in other cars. Short, rigid brackets anchor the body securely to the frame.

Dependable in little things, too!

- Electric Windshield Wipers Never slow down when you speed up!
- Weather-Proof Ignition System For fast, sure starts always!
- Independent Parking Brake Like having a second set of brakes!
- Safety-Rim Wheels For added blow-out protection!
- Safe-Guard Brakes Have two cylinders for sure stops!

Dependable power on demand! 260 hp. aircraft-type V-8 whipped all cars in NASCAR acceleration tests.

Mechanically perfect! Dodge push-button driving with its fool-proof mechanical design is the most dependable of any on the road.

LADIES, ESPECIALLY, love this handling!

Buick Super
6-Passenger 4-Door Riviera

IF THERE was ever a "big, strong, silent type" in automobiles that a lady can lace round her little finger — this brawny beauty is certainly it.

It's a '56 Buick — with a sweet new Safety Power Steering† — and it's a happy dream to handle.

You park it—even in tight places—with hardly more effort than a flick of two fingers.

You guide it through traffic with the consummate ease of a caress—and nothing will prove that to you more vividly than an actual sampling at the wheel.

But blissful new steering is just the start of wonderful new things in this buoyant and beautifully balanced two-ton Buick for 1956.

You'll have to try the great new ride that

cradles you here in a soft and sure-footed road hold—that heightens your safety with a new and almost uncanny "sense of direction."

You'll have to try the instant response of great new power that comes from a new and mighty 322-cubic-inch V8 engine.

And you'll most certainly have to sample the simplicity and the spectacular command that are yours with Buick's advanced new Variable Pitch Dynaflo.*

With just a toe-touch, you silk your way to the smoothest travel yet.

With just a toe-touch, you get a brisk new getaway response and liquid-smooth cruising pace for all your normal driving—plus better gas mileage on top of it all.

And when you go beyond the toe-touch—when you floor the pedal and switch the pitch for safety's sake—you get the smoothest, the most modern and the most thrilling surge of safety acceleration in the land today.

So what's left to tell?

Except the story of high-fashion luxury (which you can see for yourself)—and the story on low, low prices (which will sound sweet to your ears)—when you come in for a sampling.

Will you do just that soon—maybe this week?

†Standard on Roadmaster and Super, optional at extra cost on other Series.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

EXHAUSTIVE CLINICAL TESTS PROVE DR. EDWARDS' OLIVE TABLETS 58% MORE EFFECTIVE THAN OTHER LAXATIVES!

261 constipation cases tested prove OLIVE TABLETS give you Nature's ideal regularity!

Medical evidence finally promises you thorough, safe, natural relief from that miserable, sickening feeling of irregularity! Leading doctors in a prominent medical center have just finished testing 7 popular, well-known laxatives. These are the facts based on clinical records of 261 patients, from 11 to 87 years old, suffering from acute and chronic constipation:

DR. EDWARDS' OLIVE TABLETS, made from pure-vegetable drugs and plant herbs, gave

thorough, gentle, effective results in 9 out of 10 cases! OLIVE TABLETS were 58% more effective—with less unpleasant effects—than all the other laxatives tested!

The doctors found, too, that OLIVE TABLETS function naturally, work only on digested food in the lower bowel, without causing undue weakness or removing nourishment that your body needs. They're unsurpassed as a laxative for temporary constipation. Sold by all druggists.

For a reprint of this doctors' report, published in "Clinical Medicine," write: The Olive Tablet Company, Box 277, Station A, Columbus 1, Ohio.

WAVERLY—Mr. and Mrs. Orland Brown and family and Henry Brown spent Sunday with Mr. and Mrs. Edward Akers in Roodhouse. Mrs. Akers is the daughter of Henry and brother of Orland Brown.

Warren E. Burgard of Muscatine, Ill., was among those admitted to the Illinois Bar May 24th. He is the son-in-law of Mr. and Mrs. Lester Seales.

William Carson took his father, Lee Carson, to Shumay, Ill., Sunday to attend the anniversary celebration of a cousin, Dr. Lorton who observed his 50th year practicing medicine.

Mrs. Louise Dennis took her daughter, Miss Connie Dennis, her mother, Mrs. W. E. Miller and aunt, Mrs. Ollie Maher to Springfield, Mo., to spend the weekend with their sister and aunt, Mrs. H. M. Jackson.

The special meeting of the Home Bureau, planned for June 5th, has been postponed to the regular meeting, June 19th, when

there will be a potluck dinner at 1 p.m. (DST) at the home of Mrs. Warren Brown, this meeting will be in honor of the winners of the contest that closed last meeting. Mr. and Mrs. Will Rouland and family of Galesburg spent the weekend with Mr. and Mrs. Thomas Edwards.

The Intermediate Girl Scout troop 35 held its meeting in the Waverly park Monday afternoon. The leaders discussed with the scouts what things they would need when going to the Girl Scout camp, and what they would do there and what each liked best about the previous overnight camp they had.

Applications for taking swimming lessons in the YMCA were handed out and later turned in as they hope to take swimming lessons as a group.

Songs were sung, led by the leaders Donna Handy served pop-sicles for refreshments.

DOUBLE EAGLE STAMPS
TUESDAY—HOPPER'S

At Alumni Conference

CHICAGO, Ill.—Cole Y. Rowe, (right) Jacksonville, president of the University of Chicago, attended the second annual national alumni conference at the University of Chicago on May 31 - June 1 as a guest of Chancellor Lawrence A. Kimpton. Sixty prominent alumni from twenty-seven states who were present at the conference received a report from Chancellor Kimpton on current university activities and problems and consulted with him on alumni cooperation in the university's program. In the above photo Mr. Rowe is shown convers-

ing with R. Wendell Harrison, vice president of the University of Chicago. Mr. Rowe also attended an alumni conference on Student Enrollment while in Chicago. He will serve as co-ordinator of a Jacksonville University of Chicago Alumni Student Enrollment Committee, which will interview applicants for admission to the University on behalf of the admissions office of the University. Both conferences were held in conjunction with the University's annual alumni reunion.

CARMINE DI BIASE, 33, from New York City, alias Carmine D. Biasi, Carmine Vincent Di Biasi, Ernest Pinto, Sonny Pinto, "Sonny," WANTED for unlawful flight to avoid prosecution for murder. Di Biasi is five feet eight inches tall, weighs 200 to 210 pounds, with black, wavy hair and brown eyes. He has a circular scar on the left temple, and an oblique cut scar on the left side of his upper lip. Di Biasi has "Pinto" and "1941" or "1949" tattooed on his right forearm near the wrist. He occasionally wears a mustache. CAUTION: Di Biasi will reportedly kill without provocation. He is probably armed, and should be considered extremely dangerous. If you can help locate him, NOTIFY the Federal Bureau of Investigation, Department of Justice, Washington, D.C., or your nearest FBI agent.

TUNNEL'S ANNIVERSARY—Progress in travel is pointed up in the new Italian stamp, above, commemorating the 50th anniversary of the famed Simplon tunnel under the Alps. The 25-lire stamp contrasts stagecoach travel of bygone days with modern rail traffic made possible by the tunnel. The 12-mile-long Simplon, connecting Italy and Switzerland, is the world's longest.

Morgan-Scott Women Active In Conference

Mrs. Lyle Bates, Morgan-Scott county Home Bureau president, and Mrs. Grover C. Lewis and Mrs. Harold Hurrelbrink, vice presidents, will assume active roles in the Illinois Home Bureau Federation Citizenship Conference at Illinois College, from June 12 to 15.

Mrs. Pauline Pinner, a representative in the state legislature, will tell the county leaders about current legislation of interest to homemakers. Wednesday morning session will be devoted to organization policies, and Mrs. Floyd M. Pinner, IHBF second vice-president, will be chairman.

The proposed program for women in the Illinois Agricultural Association will be presented by Mrs. Florence Thomas of the IAA. Professor Harlan Bean of Southern Illinois University will address the group on current school problems; and Kay Graham, assistant superintendent of public instruction, will talk about exceptional children.

On Wednesday night, recent IFYE delegates Lorraine Hoffman, Morton, and Richard Bell Wapella, will tell of their experiences and impressions of their visits to Hylan and Ecuador.

The Elsie Mies Memorial speaker at the Thursday afternoon session will be D. E. Lindstrom, University of Illinois professor of rural sociology. He will tell of the growing importance of women in East Asia as he observed in his recent three-year assignment in Japan.

The Citizenship Conference serves as a mid-year training school for county leaders. However, both the Wednesday and Thursday sessions are open to visiting home bureau members.

IT WORKED OUT PERFECT! RAIN IN MAY NORMAL

If the Weather Man had been rechecking his figures, he couldn't have come out with a more perfect record than for rainfall in May.

Normal rainfall for May is 4.17 inches.

What did we get—4.17 inches! The Norbury Sanitarium cooperative observer reported in his monthly summary that the heaviest rainfall was 1.23 on May 26. The average low temperature was 54 degrees; average high, 80; mean for the month, 67; mean normal, 63.2.

Clear and pleasant weather prevailed in the Jacksonville area twenty-five days were listed as clear; 4 partly cloudy, 2 cloudy. Prevailing winds were mostly in the southeast and southwest.

Church Leader

Clifford A. Woodard of Cambridge, Mass., was today named president of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

Mr. Woodard's appointment was announced by The Christian Science Board of Directors at the annual meeting of the denomination attended by thousands of Christian Scientists from many parts of the world. The term of office is for one year.

An authorized teacher and practitioner of Christian Science, Mr. Woodard holds degrees from Harvard College, Harvard Graduate School of Arts and Sciences, and Harvard Law School.

A native of Warren, Pa., he became interested in Christian Science through a healing received as a boy. He joined The Mother Church in 1908 and has been active in various capacities in the Christian Science movement for many years.

Grotto, Ladies To Attend Fish Supper June 6th

Zingabed Grotto members and their ladies are invited to attend a fish supper to be served at the Masonic Temple on Wednesday, June 6, at 6:30 p.m. Members of the Grotto will be in charge of the kitchen and include K. V. Beerup, chairman, Robert Ferris, H. L. Hutchens, William Due, and Earl Fountain.

There is a 50c charge per plate to help defray the expenses of the supper, and members are asked to make reservations with Monarch John Chapman.

Following the supper, the Grotto will hold its last stated meeting for the summer. Plans for the remainder of June, July and August will be made, including plans for the annual St. Louis Municipal Opera trip, which is scheduled for July 28. Reservations blanks have been mailed to all members and they are urged to return their reservations as soon as possible to Harold McCarty, chairman. Those on his committee are William Bockemeier, Russell Ezard and Ed Morrison. The opera this year is "Wish You Were Here," and as traditional on the trip a picnic supper will be served in Forest Park preceding the show. Reservations are \$6.00 a couple. Other plans for the summer include numerous appearances of the Grotto refreshment wagons at various picnics and functions at the fair grounds. Robert A. DuBois, in charge of this fund-raising project, urges the active participation of all members.

LOCAL VETERANS AT BEARDSTOWN CELEBRATION

A group of veterans of World War I Morgan County Barracks 385 went to Beardstown Sunday afternoon to attend the Cass County Barracks meeting, which was in preparation for their charter grant and election of officers. The present membership is now 27.

After the meeting they participated in the annual Horse Show parade which consisted of many floats, bands and drum and bugle corps.

Local Barracks members making the trip were: Albert Markward, Leo Clancy, Paul Seymour, Noah Potter, June Foster, Bill Erickson, Frank Holliday, Gene Dendoworth, Charles H. Baker and Dr. J. J. Schenz.

On that date also examination will be given teachers whose certificates were issued after July 1, 1937 and who will need constitution examination in order to renew their certificates at the end of the first four year period for regular certificates or a two year period for provisional certificates.

SPRINGFIELD CLUB WILL MEET IN CITY

Florence Person, 805 Allen avenue will be hostess Tuesday to the Gaysome Ten Club of Springfield.

THE STORY: Many people seem to object to the presence of Frank Lee in Cashtown. Frank and his friends are the "Al-lambra" saloon and he had been warned to leave town. Frank is a "tail drifter" who has brought Frank to Cashtown. Frank suspects Emmett is an outlaw.

XII

FRANK spoke more sharply to Emmett Cash. "You've got a tough outfit. I looked them over when I was riding with you. Some salty Texans with your bunch."

"Tasaca," Emmett laughed. "Most of those boys got in trouble with the Comancheros. They had to get out for a while and were glad for the chance to ride with me."

Frank got it then; the trouble Emmett referred to would be over stolen horses. Near Tasaca one of the ancient horsethief trails led into Old Mexico from the north, used by Indians and renegade whites for years in smuggling stock and looted goods from one country to another.

Emmett stroked his gray with spurs, heading into an old road that climbed steeply across the shoulder of the mountain. Emmett gave him a secretive glance. "She say anything about me? Jean Cash?"

Frank held his mask of indifference and shook his head. Even now his conscience whispered he was riding with Emmett because of Jean.

"She's a half-sister. For five years she talked against me till the old man wrote everything into her name."

It was difficult to accept. When they gained a level stretch of the ore road Frank shook his head. "I don't play the game against women, Emmett."

Emmett swiveled about on his saddle, his lips flared back from his teeth. "I thought you hated women?"

GLASGOW

GLASGOW—Miss Hettie Carriager, employed in Libertyville, is spending a few days here visiting her parents, Mr. and Mrs. Darwin Carriager and family.

Mr. and Mrs. John P. Ward accompanied Mrs. Glenna Clark of Roodhouse and Mrs. Bert Walls of Manchester to Jefferson City, Mo., where they visited Mr. and Mrs. William Walls.

Mr. and Mrs. Elwood Funk and her mother, Mrs. Lizzie Zypf of Alton were visiting Glasgow relatives and friends Sunday.

Miss Edith Young of Winchester and niece, Mrs. May Hester Riggston visited relatives and friends here Sunday.

Mr. and Mrs. Ben Bensken of Springfield were weekend visitors here with her mother, Mrs. Alene Sanderson. Other Sunday guests were the latter's aunt, Mrs. Belle Friesen of Winchester and Mrs. Sanderson's mother, Mrs. Percie Overton.

Presently Emmett drew to one side of the ore trail, allowing Frank's chestnut to move ahead. Frank sensed the other man's eyes against his back. He had been nicely caught in a sucker's game. A false move on his part would send Emmett pulling on a gun. Reaching the summit he glanced over his shoulder for a final glimpse of Cashtown. He located a posse climbing the lower rises between the pines and understood why Emmett had maneuvered to get him in front of his guns.

Sheriff Chantry had caught glimpses of them on the first curves of the ore trail and gotten together this crew. Frank's glance shuttled to Emmett with fierce self-condemnation cutting him. He called himself the worst kind of a fool for accepting Emmett's proposition. An hour ago he had been a free man without a flaw the law might find against him. Now a half dozen hired possemen hammered their back-trail.

Emmett tossed his head slightly toward the posse, and spat defiantly. "Let Chantry. Did you kill Milo Hackett?"

EMMETT was shifting the blame onto him. He shook his head, still watching Emmett's face grow colder under emotions. He said quietly, "This is well. I know where he's hiding them. We're going to take them away from Norring. When Jean tries to trail that big string around the Signals I'll lift the whole bunch."

Frank found his attitude toward Emmett turning more unfriendly every moment. "Your sister doesn't stand a show with two outfits fighting over her."

"That's it," Emmett was growling wickedly. "We're going to make sure we're the outfit that comes out on top!"

(To Be Continued)

Ruth Ricks of White Hall called on friends in the Glasgow community Friday evening. Robert, a former pastor of the local Baptist church, is graduating as a ministerial student from Eureka College in June.

Mr. and Mrs. L. G. Ward and Mr. and Mrs. Albert Witte of St. Louis were weekend guests of Mr. and Mrs. Tracy Anson. Rev. Oscar Overton of White Hall, former pastor of the local Baptist church, called on local members Friday afternoon.

Cliff Lewis arrived home Thursday from a week's visit in the home of his sister, Mr. and Mrs. Lennie Crabtree in Hartford.

Mrs. Murel Hanback of Winchester called on Mrs. Nellie Hanback and Mr. and Mrs. Estele Cowper and family Thursday afternoon.

City Tax Rate Down; Collection Begins At Court House Monday

Overall tax rates for the City of Jacksonville are down this year according to tax rate information released Monday by the Sheriff's office commenced the collection of 1955 taxes. The total Jacksonville rate, including the taxes of all political subdivisions, this year amounts to \$3.26 per hundred dollars of valuation, a reduction of about six cents per hundred.

A cut-back in the city's general corporate levy, made last summer when the sales tax was adopted, accounted for most of the reduction. The general municipal levy was reduced about seven cents per hundred.

Below S. Jacksonville Rate
For the first time in history the South Jacksonville tax rate exceeded that of the city. The village rate was established this year at \$3.29, about three cents per hundred higher than the overall Jacksonville rate.

The tax rate for School District 117, including Jacksonville, South Jacksonville, Woodson, Murrayville and outlying territory, was up about ten cents per hundred due to the recent bond issue authorized for the construction of a new junior high school.

The tax rate sheet for 1955 taxes payable in 1956 is as follows:

Rate on extension of tax in Morgan County, Illinois, for the year 1955 in cents on the \$100 valuation:
State Tax No Levy
County Tax 1040

Small House On East State Burns; Man Taken To Hospital

An investigation of fire which destroyed a small house on East State street near the city limits early Sunday morning, together with all contents, was in progress today.

Chief Howard Reynolds of the fire department said he has referred the blaze to the state fire marshal's office for investigation.

John Woods, 30, according to the fire chief, was admitted to Schnitz Memorial hospital at Beardstown Sunday morning, suffering from extensive burns. His condition Monday was reported as fair.

Details of the fire and Wood's injury were not fully established, as local officials had not talked with him. Deputy fire marshals will talk with Woods and ascertain facts about the fire, it was said.

At 6:15 o'clock Sunday morning employees of the sewage

treatment plant on Johnson street heard a loud noise that sounded like an explosion, and saw flames some distance to the north. The house owned by Merle Woods was located on the south side of East State street, at the end of Vine street.

Firemen made a run to the house, where they found it a mass of flames. The roof was caving in when the fire trucks arrived. Firemen said that the owner was not at home.

Woods has been residing at 251 South Job street in Virginia.

Scott Church Honors Mrs. James Overton

WINCHESTER — Mrs. James Overton was honored for her 50 years of service to the First Baptist Church at the morning service Sunday. Mrs. Horace Walmsley, Mrs. William Carlton, and Rev. William Sealock took part in the service, during which she was presented with a large type Bible. Mrs. Overton has taught in the Church school for most of the years that she has been a member.

Vacation Bible School
There were 44 children in attendance at the opening session of the Vacation Bible school at the Winchester Methodist church, which commenced Monday morning, and will continue for the next two weeks, from 9 to 11 each morning.

Mrs. Robert Reid and Mrs. Harold Haun are serving as co-superintendents of the school assisted by the following teachers: Kindergarten, Mrs. Harry Laird and Mrs. Carl Hayes; Primary, Mrs. Harold Haun, Mrs. Russell Boston, Mrs. Raymond Herring, Mrs. Ronald Gilman and Miss Judy Dolan; Intermediate, Mrs. Ed Sutton, Mrs. Everett Howell and Mrs. Floyd Roff; Art, Mrs. Albert Leifer, Mrs. Leo Robinson and Mrs. George Lawson; Music, Mrs. Richard J. Coulton, Mrs. Roy Goodell and Miss Wanda Robinson; Flannel Craft Courses, Mrs. Lennis Williams.

Girls who are serving as helpers in the different departments include Arlene Cloyd, Nancy Coulton, Susan Wallace, Sandra Coultick, Patsy Howard and Dona Christman.

Mrs. Paul Markkille is in charge of the refreshments. The handicraft of the different departments will be on display in the Sunday school rooms of the church on Sunday morning, June 17.

State Farm Degree
Gail Hurrebrink, son of Mr. and Mrs. Harold Hurrebrink, will receive his State Farm degree Friday, June 8. The ceremony of conferring this degree will occur during the evening session of the FFA state convention in Springfield.

Some of the more important requirements for this degree are that the candidate must have a B average in all school subjects and have an outstanding farming program. Gail's farming program consisted of Angus cattle, Hampshire hogs, corn, and soybeans. He was a junior this past year in the Winchester High School.

The State Farm degree is the highest degree which can be granted by the Illinois Association of FFA. It is limited each year to two per cent of the active membership.

City Electric Lines Linked With Illinois Rural Power Plant

Electric power from the Illinois Rural Electric Company generating plant southeast of Winchester is now being used to "firm up" the municipal distribution system in Jacksonville, as the result of a hookup between the two plants yesterday.

N. J. Butler, superintendent of the Water, Light & Power Department, told members of the city council last night that the connection of the two systems was part of the second stage of expansion in the municipal system.

Butler, who has returned from Sharon, Pa., where he witnessed tests of new transformer equipment, said the municipal plant is generating 6,000 kilowatts at present, and the load has climbed to 7,000 kilowatts. He was present at tests in the Westinghouse factory at Sharon, and reported to the council that the transformer will probably be shipped Wednesday of this week.

The city is expanding its distribution system, having just completed a new circuit in the west section of Jacksonville.

Approval of traffic signal lights at West Morton avenue and Diamond street was reported in a letter from R. R. Bartelmeyer, chief engineer of the Illinois Division of Highways, read by City Clerk Phillips.

The engineer said the lights will exceed \$7,000 in cost, the amount of motor fuel tax funds already appropriated for the job.

Mayor Hoagland explained that plans for the traffic lights were delayed about one year, stating that approval of the project is welcomed as the lights are badly needed.

Authorize Sale Of Bonds
A resolution confirming the sale of \$52,000 revenue bonds for purchase and construction of a municipal parking lot on North Mauvaisterre street, establishing interest rates and designating the Harris Trust & Savings bank, Chicago, as the place of payment, was read by Attorney W. L. Fay, special counsel. The resolution passed on motion of Alderman Kelly, seconded by Alderman Hall.

Bonds will bear interest at the rate of 3 and 5/8 percent, and will be sold to the Municipal Bond Corp., which submitted the best bid one week ago.

Alderman DeFrates presented a petition signed by 15 residents and property owners on South Fayette street, concerning a ditch which drains from the 400 block into the town brook. The petitioners termed the ditch dangerous, unsightly, and declared that many tons of earth are washed away through its course.

Clark L. Green, a resident of the neighborhood, addressed the council in urging that something be done about the ditch. Mayor Hoagland said the matter will be investigated.

Begin Forestry Survey
Start of a survey of trees on municipal property was reported by Alderman Kelly of the forestry committee. The work is being done by two foresters from the University of Illinois, who ascertain if trees are sound or should be removed.

Kelly also reported that the highway department is working on Michigan avenue, which has been in bad condition since the laying of the water pipe line to the river.

More than \$2,000 in wheel tax collections and fines resulted during May from an intensive drive to round up delinquents, Alderman Pittsimmons of the police department informed the councilmen. He said the police department is doing effective work in enforcing the ordinance, and that the list of delinquents has dwindled to a small number. Pittsimmons promised more arrests as the list is revised again.

96 At Railroad Picnic Sunday
